Letter from the Président, Dunster Business School

Dunster Business School is a place where innovation, excellence, and opportunity come together to create the future leaders of tomorrow.

Mr. Philippe Thevenot, President of Duntser Bussiness School says, "It is a response to the ever-changing demands of the modern world, where the boundaries of education are constantly being redefined. At the heart of Dunster Business School is our commitment to preparing students not only for careers but for the industries and opportunities of tomorrow."

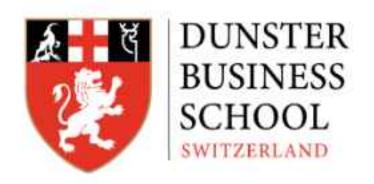

The President of Duntser Bussiness School believes that education should inspire curiosity, foster creativity, and cultivate a spirit of innovation and leadership.

Mr. Philippe Thevenot says, "What makes Dunster Business School unique is our forward-looking approach to education. Our students will explore emerging fields such as artificial intelligence, sustainability, entrepreneurship, digital marketing, and more."

"Together, we will create a legacy of educational achievement and innovation that will shape the leaders of tomorrow."

Mr. Philippe Thevenot
Président, Duntser Business School

Program Outline

Excellence in Higher Education

Our schools are recognized and accredited by various institutions, offering a field of specialization and the highest salary package and job access for candidates.

International Opening

This is our raison d'être. Our programs are specifically designed to welcome international students so that they can significantly benefit from our courses. It also allows our French students to do their internships as part of their sessions. Our teaching teams are trained to teach multicultural and multilingual groups.

Individualized Support Towards Employment

Since we promote and believe in individual growth, each course of study corresponds to a personal ambition. All our students benefit from individualized support. The success of all before, during, and after the classes resides in the heart of the action. You can get personalized guidance from experts. Our dedicated job placement services provide individual assistance to all our candidates.

Learning Outcomes

- Demonstrate advanced knowledge of financial and management accounting principles, integrating global standards such as IFRS and ACCA frameworks for strategic financial decision-making.
- Critically assess business performance using advanced tools in taxation, corporate finance, audit,
 and financial risk management to support long-term organizational goals.
- Apply ethical reasoning and governance principles within global regulatory frameworks to lead with accountability and integrity in diverse business environments.
- Analyze complex financial and operational data using quantitative and qualitative methods to support strategic business decisions, resource allocation, and performance improvement.
- Utilize advanced digital tools and platforms for financial modeling, predictive analytics, enterprise resource planning (ERP), and data visualization to drive data-informed strategies.
